

Targeted Therapies for Cystic Fibrosis: An Overview for Specialty Pharmacies

Author:

Jakub Swiatek, PharmD

Clinical Assistant Professor, Department of Pharmacy Practice

College of Pharmacy | University of Illinois at Chicago

Clinical Pharmacist, Specialty Pharmacy Services

Ambulatory Pharmacy Services | UI Health

Disclosure(s): Dr. Swiatek has no relevant financial conflicts of interest in relation to this activity. The reviewers who contributed to this activity have nothing to disclose.

Learning Objectives:

At the end of this knowledge-based activity, participating individuals should be able to:

- Identify guideline recommended treatments for utilizing targeted therapies in patients with cystic fibrosis
- Discuss the published efficacy data involving the targeted therapies for cystic fibrosis
- Explain the monitoring parameters and safety concerns associated with targeted therapies used for cystic fibrosis

Target Audience: Pharmacists

Fee: \$10

Release Date: May 1, 2022

Estimated time to complete activity: 1.0 hour

Please visit <https://pharmacyce.uic.edu/moodle/> to participate in this activity.

Type of Activity: Knowledge

Expiration Date: May 1, 2024

CE: 1.0 contact hour (0.1 CEUs)

Continuing Education Statement:

The University of Illinois at Chicago College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This activity has been assigned an ACPE Universal Activity Number 0016-0000-22-003-H01-P, for 1.0 contact hour (0.1 CEUs). Reading the learning objectives and faculty disclosures, participating in the entire knowledge-based activity, active learning activity, post-test (minimum score of 70% required; may be taken up to 3 times) and activity evaluation, estimating the duration of time spent on the activity, and submitting NABP eProfile ID and MMDD are prerequisites for receiving continuing pharmacy education credits. All ACPE credit awarded to participants must be uploaded to CPE Monitor™ within 30 days of the activity date, so pharmacists are required to provide their eProfile ID and date of birth (MMDD, year not required) at the time of the activity. Please contact pharmce@uic.edu if you do not see activity information listed within 30 days. For more information and to set up your e-Profile visit: www.MyCPEmonitor.net.

How to Earn Credit:

Participants must complete the activity as described above in the Continuing Education Statement. To answer the questions, click on your selected choice for each answer then proceed to the next question. We recommend that you print a copy of your answers before you submit them. Once completed, click on 'Finish Attempt', then click on 'Submit All and Finish' at the bottom of the page. Your post-test will automatically be graded. If you successfully complete the post-test (score of 70% or higher), a confirmation message will appear at the top of the page underneath your grade. You will have a chance to review the correct answers and answer rationale. If you receive a score lower than 70%, you will receive a message at the top of the page underneath your grade notifying you that you did not pass the post-test. You will have 2 additional opportunities to pass the post-test and receive credit.

Hardware/Software and Internet Requirements can be found at <https://pharmacyce.uic.edu/moodle/>.

Provider Contact Information: For general information please call the Office of Continuing Education and Meeting Services toll-free at (866) PHARM-CE (866-742-7623) or send an e-mail to: pharmce@uic.edu.
