

Antimicrobial Stewardship in Solid Organ Transplantation

Author: Chad Richardson, PharmD
Clinical Pharmacy Specialist, Solid Organ Transplant
Beaumont Hospital

Disclosure (s): Dr. Richardson and the planning committee members and reviewers who contributed to this activity have no relevant financial conflicts of interest to disclose.

Learning Objectives:

At the end of this knowledge-based activity, participating individuals should be able to:

- Describe the prevalence of MDRO and Clostridium difficile infection in SOT and the impact on SOT patient and graft survival.
- Explain the role of ASP in preventing antimicrobial resistance and decreasing the spread of Clostridium difficile.
- Recognize the challenges in applying the strategies of ASP in SOT.
- Discuss ASP intervention strategies that can be implemented in SOT.

Target Audience: Pharmacists

Type of Activity: Knowledge

Fee: \$10 or \$40 for all five courses. If you have an access code, enter the code.

Release Date: October 7, 2020

Expiration Date: September 17, 2022

Estimated time to complete activity: 0.75 hour

CE: 0.75 contact hours (0.075 CEUs)

Please visit <https://pharmacyce.uic.edu/moodle/> to participate in this activity.

Acknowledgement:

This activity is supported in part by an educational grant by **Sanofi Genzyme**.

Continuing Education Statement:

The University of Illinois at Chicago College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This activity has been assigned ACPE Universal Activity Number 0016-0000-20-044-H01-P, for 0.75 contact hours (0.075 CEUs). Reading the learning objectives and faculty disclosures; participating in the entire knowledge-based activity, active learning activity, post-test and activity evaluation; estimating duration of time spent on the activity; and submitting NABP eProfile ID and MMDD are prerequisites for receiving continuing pharmacy education credits. All ACPE credit awarded to participants must be uploaded to CPE Monitor™ within 30 days of the activity date, so pharmacists are required to provide their eProfile ID and date of birth (MMDD) at the time of the activity. Please contact pharmce@uic.edu if you do not see activity information listed within 30 days. For more information and to set up your e-Profile visit: www.MyCPEmonitor.net.

How to Earn Credit:

Participants must complete the activity as described above in the Continuing Education Statement. To answer the questions, click on your selected choice for each answer then proceed to the next question. We recommend that you print a copy of your answers before you submit them to us. Once completed, click on 'Finish Attempt', then click on 'Submit All and Finish' at the bottom of the page. Your post-test will automatically be graded. If you successfully complete the post-test, a confirmation message will appear at the top of the page underneath your grade. You will have a chance to review the correct answers and answer rationale.

Hardware/Software and Internet Requirements can be found at <https://pharmacyce.uic.edu/moodle/>.
